The Group's primary activities include portfolio management (Wealth Management), family office services (Private Office), and the management of a range of investment funds (Asset Management).

Our philosophy

The key pillars of our success are our focus on client needs as well as professionalism, discretion, and continuity of client support. Our consistent application of these qualities sets us apart from the crowd in a refreshing way.

Our company management

The fact that the bank is managed personally by Dominique Reyl, President and founder of REYL & CIE, and François Reyl, Chief Executive Officer, is a guarantee of continuity and reliability at the head of the bank. They combine expertise with innovation, passion with vocation, and integrity with discipline - all with the aim of securing that decisive advantage for their clients. Thanks to Thomas H. Dürmüller, Head of the Zurich Management Committee, and Sales Bischofberger, Member of the Zurich Management Committee, the branch of REYL & CIE in Zurich is led by an experienced and well-established management team.
